## Nomination of Ms. Svenja Hahn

Dear Mr. de Schaetzen,

on behalf of the Free Democratic Party, I have the honour and privilege to nominate ALDE Party President Svenja Hahn for re-election at the upcoming Bureau elections in Vienna.

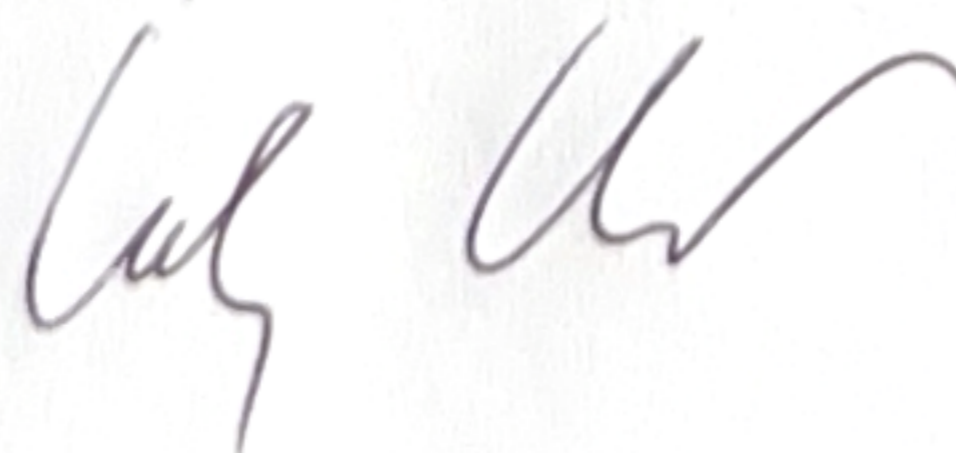

Since her election as ALDE Party President, Svenja Hahn has provided strong and forward-looking leadership for our liberal family during a period marked by significant political and socioeconomic challenges. Under her presidency, the ALDE Party has strengthened its profile as the leading voice of liberal democracy in Europe and fostered cooperation among member parties as well as modernising the services and events of ALDE.

As a Member of the European Parliament and Coordinator for the Renew Europe Group in the Committee on the Internal Market and Consumer Protection, Svenja Hahn continues to contribute to key European policy initiatives. At the same time, her leadership within ALDE has been characterized by openness, strategic vision and a strong commitment to bringing together liberals from across Europe.

Having served our liberal family in numerous leadership positions over many years including as President of LYMEC, First Vice President of the European Liberal Forum, Vice President of the ALDE Party, currently President of the ALDE Party and Deputy Party Leader at FDP Svenja Hahn has demonstrated exceptional dedication, integrity and political judgment.

The Free Democratic Party firmly believes that Svenja Hahn is the right person to continue leading our European liberal family in the years ahead. Therefore, I am pleased to present her candidacy for a further term as President of the ALDE Party.

Sincerely,
