

**Questions Call for tender – Political Consultancy Services (last
update: 15/07/2026)**

Lot I

1. The tender states in section 7.2 *"Provide evidence of experience working with political organizations from at least 2 ALDE member countries, demonstrating a broad understanding of international political dynamics within the ALDE Party's framework. Evidence requested: the tenderer must provide references of 5 projects delivered in cooperation with other political organisations in the past 5 years with details of the types of services delivered."*

I've worked in many ALDE member countries, but not necessarily in the past 5 years. Does the project require that the political organizations with which I have worked in the past 5 years be ALDE member countries?

Answer: This section was updated in paragraph 7.2.1 of the tender specifications with a different wording to better reflect what we intended, please find the updated text (also updated on the tender specifications) below:

"The tenderer must provide references of 5 projects delivered in cooperation with other political organisations in the past, proving 5 years of work, with details of the types of services delivered."
